

Derbyshire Song

'The Best That You Can Be'

at Crich Tramway Museum

It has taken over ten months of hard work and coordination to bring together all aspects of this project which we were thrilled to be a part of. Pupils suggested lyrics, which were passed on to Glossop-based composers Dan Whibley and James Manson to take ideas forward in their specially commissioned song. Derbyshire City & County Youth Orchestra and Youth Wind Band rehearsed and recorded the instrumentals before schools and music centres decided where they would like their performances to be filmed.

The project has involved 13 Lyrics schools, 36 performance schools, 3 area music centres, 1,100 Singers and 270 Instrumentalists filmed across 32 locations; 1,700 young people with a single motivational message:

Be the best that you can be.

You can support the launch by downloading the video at www.derbyshiremusicclub.org.uk/best at a cost of £1.49

All proceeds will help offset production costs. In the unlikely event of a profit being made, any surplus will go towards funding further music projects for Derby and Derbyshire's children and young people!
