To all your fabulous drummers at Crich Junior School

I just wanted to say a huge thank you to you, your teachers, your driver and your headteacher for the wonderful drum set you presented at the leadership conference last Thursday.

It was very powerful and invigorating for the audience and reinforced our view that the creative arts are a crucial part of your education.

Many of the conference evaluations mentioned the quality and originality of the session.

On behalf of the planning team and all the headteachers and advisers present at the conference, may I wish you all well for the rest of this term and your future education.

Keep on drumming!

Yours sincerely

Tim Dutton, Senior Adviser for School Improvement
