

Your **Autumn Term Homework Project** is to think about recycling. Our whole school theme of Seas and Oceans has highlighted the amount of single use plastic that we use and the impact that this has on sea creatures, wildlife and the environment. We would like you to use some of the plastic from your recycling bin at home and reuse in some way.

**REDUCE
REUSE
RECYCLE**

You can decide what to make. It could be useful or it could just be decorative...you decide. We have included a few ideas for inspiration.

Please bring your work in week beginning 2nd December.
